Thursday, April 5, 2018

Registration & Pizza: 5:30 PM to 6:00 PM

Course #1: 6:00 PM to 7:00 PM

Sustainability

This session will be an overview of the context, the what, why and how of Sustainability, in particular in Manufacturing. The historic context, some view of how companies are embracing this challenge, some examples in manufacturing of the core analysis, drivers, tools, and management that promote ever-more efficient resource use, coincident reduction in waste and emissions, risk, long-time liability and real costs, for ever-more resilient and sustainable operations.

Elaine Feldman, P.E., CEM, LEED^{AP}

Senior Consultant
Environmental Strategy Consultants, Inc.

Course #2: 7:00 PM to 8:00 PM

Lessons from the Salvation Army Building Collapse

This session will be an overview of the demolition codes, highlighting the tragic Salvation Army building collapse, with the resulting testimony provided to the Pennsylvania legislature on behalf of PSPE to improve demolition laws.

David Fleisher, PE

Fleisher Forensics

PSPE will evaluate the courses for 1.0 Professional Development Hour. The courses should meet the continuing education license contact credit hour requirements for New York State. PSPE believes that the courses are acceptable for credit in PA, NJ and other National Model states where courses do not require pre-approval.
