

**Philadelphia Chapter PSPE,
Engineers Club of Philadelphia
& Philadelphia Section IEEE**

"They're the ultimate underdogs. They get no respect. But when you see them doing their thing, it's like, 'Whoa!'" -Danielle Kreeger, Science Director, Partnership for the Delaware Estuary

**Fairmount Water Works
640 Water Works Drive
Philadelphia, PA 19130**

Presented by

Drew Brown
(Environmental Engineer)
PWD's Director of Public Education

The tour/educational activity, with its unique, late summer view of the ever-changing Schuylkill River, will explore a living science laboratory and describe the science and technology behind the hatchery and demonstrate the ecological benefits of fresh water mussel restoration in improving the health of our waterways. Although customized for engineers, this activity will be very much enjoyed by anyone.

The tour is intended to meet the requirements for 1.0 Professional Development Hour for continuing education "activity" requirements in NY, PA, NJ and National Model States.

Thursday, September 6, 2018

Registration and Sandwiches - 5:30 PM to 6:00 PM
