**Guided Tour 6:00 PM to 7:00 PM**

**Non-Guided Tour – After 7:00 PM**

**Presented by**

Angelo J. Waters, PE, LEED AP

Vice President - Environmental Services

Urban Engineers, Inc.

The Project's lead engineer, Urban Engineers, will walk you through the project from conception, to design, to construction, to the ribbon cutting. Join PSPE, ECP, and IEEE as we tour the Rail Park, the new one-of-a-kind park in Philadelphia. The construction is part of a multi-phase project that is converting three miles of unused rail lines into a state-of-the-art recreational facility just north of Center City Philadelphia. The project's vision is for a greenway that will serve pedestrians, bicyclists, neighbors, and visitors alike!

The Pennsylvania Society of Professional Engineers, through PIE, will evaluate and may approve the "activity" for the continuing education license requirements for 1.0 Professional Development Hour in New York State. PSPE believes the "courses" will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.

**Tour Starts at:  
Corner of Broad and Noble Streets**

**Price using Paypal - \$15.00**
